Connect your website to a remote CiviCRM

Example of an event agenda and event registration

Jaap Jansma
CiviCRM Expert
Show an event agenda on your website and let people register and pay online.
Event Agenda

CiviCRM Side

✔ Data Processor: list upcoming Events

Website

✔ Drupal Views: show a list of upcoming events
Event Agenda

Browser → Drupal Views → CiviCRM

User → Website → CiviCRM

Data Processor → Drupal Views → Website
Event Agenda
